

PH699 - OIL/FUEL DISCHARGE HOSE WP 30 BAR

Construction

Inner tube	Synthetic rubber - black resistant to oil								
Reinforcement	Plies of synthetic textile cords with two cross anti static copper wires								
Cover	Synthetic rubber - black resistant to oil, ozone and abrasion								
Application	The FRAC oil delivery hose is designed for high pressure applications in hydraulic fracturing (FRAC) operations to support oil and gas extraction processes. This hose provides a reliable solution for transferring oil and other essential fluids in challenging environments where high pressure and durability are paramount.								

Item Code	Dash Size	 ID		 OD		 WP		 BP		Qty (ft)	Type	No of sections
		inch	mm	inch	mm	psi	bar	psi	bar	kg/m
