

PH765 - MEDIUM PRESSURE FLUORO - COMP HOSE

Construction

Inner tube Polytetrafluoroethylene (PTFE) - Conductive

Reinforcement One or two braids of Fiber Glass Yarn

Application P.T.F.E hose has an excellent temperature characteristics both in high and low temperature, Excellent chemical resistance, non contamination properties, low coefficient of friction and resists deterioration. Combination of the fiberglass outer braid and PTFE liner, make the hose essentially non-flammable. Ultimate fuel compatibility and Formable
